SAVE THE GREENWAY RALLY

Saturday 29 October 12–1pm
Johnson Park, Dulwich Hill

The new State Government has axed funding for **The GreenWay**, a 5km long regional walking and cycling trail, that will turn a disused goods line into the 'green lungs' of the inner-west. The light rail is still going ahead, and it makes sense to complete the GreenWay at the same time!

Join the community rally on **GreenWay Day** Saturday 29 October at Johnson Park, Dulwich Hill together with local politicians and councillors to show the State Government you want and need the GreenWay – www.friendsofthegreenway.org.au for more information.
